

SONG: MEAT PARTY

I'm preparing a dish
That people will like for tonight

I'm preparing a dish
That they'll comment on then eat

I'm preparing a dish
That's simply delish
For my meat party

I'm preparing a dish
That's simply delish
For my meat party

With the turkey pie
And meatloaf fries
The people will come
And they'll be high in the sky

Chicken pea soup
And a beef covered suit
We'll wear our best
And eat chicken breasts

I've got to make a mix
For this special dish
For tonight

My number one guest will
Eat the poison pill
Tonight

Men in Black restrain Portia the pig. *Schmock* draws a long carving knife.

SCHMOCK (MEN IN BLACK)

I'm (he's) preparing a dish
That's simply delish
For the meat party

I'm (he's) preparing a dish
That's simply delish
For the meat party

Music fades.
