

**SONG: THE ORGAN OF LOVE**

*Music starts quietly.*

JOHNNY

I used to think I knew what's what  
What I felt inside my gut  
But now I'm feeling so afraid  
That I'm in love

I just felt something in my heart  
Have I known her from the start?  
Was it always meant to be?  
That I'm in love

It's an organ deep inside me  
Pumping all the blood through me  
I felt a flush upon my face  
Of love

*Music gets louder.*

Lately I long for my lost life  
Don't know who I am anymore  
I just wanted to be special  
In her eyes

I just felt something in my heart  
Oh god, why cannot she be part?  
Of what I've felt for all the time  
In my heart

It's an organ deep inside me  
Pumping all the blood through me  
I felt a flush upon my face  
Of love

It's an organ deep inside me  
Pumping all the blood through me  
I felt a flush upon my face  
Of love  
Of love  
Of love  
Of love

*Blackout.*
